Kick-start Your Next Career Move

Career transition can be daunting and challenging. Often, we feel overwhelmed and lost, unsure of our next step.

NTUC's e2i stands ready to offer you our fullest support during your career transition and to help you take your next confident step forward in your career.

Let us help you shape your next career steps.
Here are some things you can do:

Make an Appointment for Career Coaching

You will receive career advisory and job-matching services from our experienced career coaches. Our coaches will also help you assess your skills and guide you in preparing for job applications and interviews.

e2i operates National Career Centres with **multiple touchpoints islandwide**, making it convenient for you to access our services. **Virtual coaching** is available as well for added flexibility. To find the nearest touchpoint to you, you may visit our website at <https://www.e2i.com.sg/locations>.

Success Stories

Don't just take our word for it. Hear from the people who have experienced it.

“

“After applying countless times and facing repeated rejections, I realised that transitioning into a new field was more challenging than I expected due to my lack of direct work experience. I also found it difficult to clearly articulate my transferable skills to employers.

My e2i career coach helped me better understand how to position my experience and highlight the strengths I could bring to a new role. With her guidance, I refined my resume and approached my job search more strategically, and I was eventually able to secure a job.”

Vivekadarsini, 34

“

“After being retrenched, I was actively applying for roles but found myself increasingly frustrated with the lack of responses. While I had some traction with niche organisations, I was unsure how to position my broad experience across L&D, communications, and digital content in a focused way.

My e2i career coach helped me reframe my profile, tailor my resume and portfolio, and adopt a more structured job search strategy. With this guidance, I was able to approach opportunities more strategically and eventually secured a job.”

Gregory Tan, 42
